

BELL/S LED

Spot lighting luminaire with BELL/S concentrating optics

Description

Adjustable LED-based luminaire with concentrating optics for installation on three-phase euro-DIN track. The stylish design, absence of a visible driver box, choice of colour temperatures, reflector angles from narrow (15 degrees) to medium (45 degrees), and optical filters make it ideal for a variety of lighting and design applications.

Installation

Mounted on a surface.

Design

Powder-painted die-cast aluminum housing. The luminaire can be tilted up to 90 degrees from the vertical and up to 355 degrees from the horizontal. Driver is located in a separate box.

Optical part

Aluminium reflector. Tempered glass diffuser. LED type: COB.

Usage

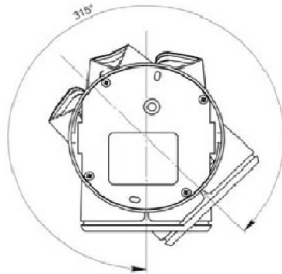

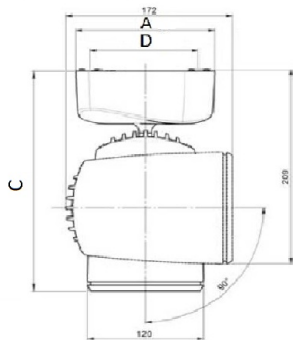

Cultural and entertainment facilities

HoReCa / hotels / restaurants / cafes

Hypermarkets-/supermarkets

Mall

Stores / boutiques
