

OWF/R

IP54 rated luminaire

Description

Luminaire for clean rooms and healthcare facilities with a higher degree of ingress protection. High luminous flux enabled by the energy-efficient T5 lamps and parabolic louver. The luminaire is made of flame-resistant materials.

Installation

Installed recessed in Armstrong type suspended ceilings.

Design

White powder-painted weld sheet steel housing. Control gear is installed inside the housing. A silicone seal is attached along the perimeter.

Optical part

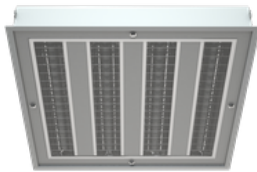

Four parabolic specular louvers made of anodized aluminum. Clear silicate tempered glass attached to the housing with screws.

Usage

Clean room

Industrial enterprises

Medical institutions
