

UNIQUE DL LED

Luminaires with protection class

Description

A cheap LED downlight with IP43 rating of the optical part. The aluminum housing of the luminaire is simultaneously a radiator. The driver integrated into the housing provides the luminaire with completeness. The PMMA diffuser creates soft diffused glare.

Installation

To be fitted into plaster-board ceilings and Armstrong type suspended ceilings.

Design

Die-cast aluminum housing functioning as radiator, powder coated matt white, combined with a box for driver

Optical part

Protective matt glass. LED type: SMD.

Usage

Cultural and entertainment facilities

Hypermarkets-/supermarkets

Mall

Meeting rooms

Office and administrative premises

Stairs / hallways

Stores / boutiques
